

Bolwell Scoota Warranty Press Release

10th of April, 2007

Bolwell Scoota are excited and proud to announce the launch of their Four Year Warranty Policy across their entire 17 model product range. The confidence shown in their product will certainly make it hard for the discerning enthusiast to consider anything but a Bolwell Scoota.

"Our newly extended warranty reflects rising consumer recognition of the quality found across the entire Bolwell Scoota range" says Hollie Black, Director and general Scoota marketing guru. "Scoota enthusiasts nation wide are looking for a combination of long term on-road peace of mind and value at the point of purchase. No other brand has been able to satisfy these crucial factors in a combination as convincing, or as classy, as the Bolwell Scoota range. Our innovative Four Year Warranty only further emphasises that value proposition."

A family run business since 1999, Bolwell Select are the Australian distributors for the prestigious SYM and PGO marques and have one of Australia's largest scoota-only support and distribution networks. This combined with their new jaw dropping warranty and long held number one scoota sales status offers Australian scoota owners just another reason to smile when riding away on a Bolwell.

The extended warranty was officially released to the dealer network on the 10th of April. All Scoota's sold after that date are covered by the new warranty. Check out www.scoota.com.au for your nearest Bolwell Scoota dealer.
